

## About Us

Vi NanoTech is a leading marketer and distributor of Nanotechnology surface protection treatments - we rank among one of the first companies in India with a range of market ready Nanotechnology products.

Close collaboration with the best researchers and developers throughout the world enables us to respond to our customers and partners with 'formulated' treatments for unique and individual requirements.

Our passion for Nanotechnology is to bring in "Space-age-technology" to "Every-day-use" products and create a "Easy-Clean-Effect". Also futuristic components like Nanolabs, NanoTraining, NanoEverywhere are on the anvil.
