

## Partnerships

Interested in spreading the word, or reselling Nanotechnology products and services?

Vi NanoTech is always looking for business partners to help us expand. We realize that the success of Vi NanoTech depends on an ever growing reseller network. You can work with Vi NanoTech in many ways &mdash; be a reseller, a service provider, or just get credit for names that you refer to us. Examine your options below, and make your interest known by contacting us via email at [info@vinanotech.com](mailto:info@vinanotech.com) This e-mail address is being protected from spam bots, you need JavaScript enabled to view it Reseller

Vi NanoTech is interested in signing on resellers across the country. We will train you on all of our offerings; assist you in generating business, and working proactively to help you close sales. Vi NanoTech will cover the back-end service operations, leaving you free to sell at all times. Vi NanoTech will also provide you with great tools for demonstrating the products and for keeping your prospects in order. Generous commissions and a top-shelf product mean incredible earning potential. Service Provider

You can expand the scope of your existing business by becoming an authorized service provider for Vi NanoTech. There are many ways to get involved&mdash; Applicator or value chain to your products provides you with the opportunity to earn additional revenue and expand your customer base. Getting trained and certified by Vi NanoTech to service our customer base could be one of the best decisions you or your company could make. Referral Program

If you have contacts that may be interested in Vi NanoTech, but don't have the time to demonstrate our offerings, we can help. Simply furnish us with a contact, and we will handle the rest. If your contact purchases, you get the credit&mdash;it's that simple! Join consultants, technicians, office managers across the country in our Referral Partner program. Just let us know of anyone who could benefit from our solutions. It may be the best thing you can do for us.
